

Here are some of the positive comments from the parent questionnaires:

Yr1 parent	It is a good school which we would recommend to other parents.
Yr2 parent	We are very happy with this school.
Yr2 parent	My child is very happy at school and loves coming into school and never likes to miss anything. That shows me what a great school this is and I am happy, all the teachers and the head are great at what they do.
Yr6 and Yr3	My girls love coming to school every morning. This is an excellent, warm and nurturing school- thank you very much!
Yr3 parent	I am happy for my child being part of this school because the teachers have time for them.
Yr3 parent	As a working parent it is challenging to get to the school and become informed. I would like more opportunities to see my child work, without consultation time. However school is very accommodating when I have asked. Accelerated reading is a real strength and has helped my son to build independent comprehension skills. We work very hard to get our son to age related expectations and really appreciate all the support the school offers. Such as: fine motor skills and updates with the staff that work with my son.
Yr4 parent	Chalgrove is a friendly, well run school that gets results.
Yr2/4 parent	Very happy with my kid's teachers, they really care about my kids progress and Mrs. Banjo is so helpful with my child's health issue! Thank you!
Yr4 parent	I would just like to say to all staff 'Thank you'
