

Jump Jim Jo!

Swung

trad.

Jump, jump jump Jim Jo. Nod your head and clap your hands and tap your toe.

Round and round and round you go and you find a -no-ther part ner and you jump Jim Jo.

How it works

Two children hold hands with each other and jump on the spot five times to fit with the words

"Nod your head and clap your hands and tap your toe" - do as described!

"Round and round and round you go" - hold hands again and walk round in a circle as you sing

"and you find another partner and you Jump Jim Jo" - leave your partner and find someone else
- jump three times on "Jump Jim Jo"

It all starts again - and again, until everyone has a partner.
