

## La La Muena CD tracks 12 & 13

anon  
learned from Francesca Matthews

A lovely round with a strong sense of three. Encourage the children to feel the three  
*eg clap on 1 and tap knees on 2 and 3 or clap on 1 and 2 and stamp on 3*

It's not an easy song to sing accurately. One way into it is to get the children to sing "La la" at the beginning of each bar. Once they can do this, add in the "Muena" bit.

A good way to get children singing in parts is to have one group singing the "la las" and holding them on whilst another group singing the whole song.

Once the children are confident with the whole song, it makes a really effective round. Keep it slow! Encourage the children to listen to how their part fits with the other parts.
