

## Our Inclusion Policy

- At Rachel McMillan Nursery we welcome all children
- This policy complements several of our other policies including our Equal Opportunities Policy, Behaviour Policy and Admission Policy
- These policies all embrace inclusive educational practices as well as a commitment to combat all forms of discrimination
- Children with disabilities and special educational needs are positively welcomed into our nursery
- In keeping with Borough policy, children with particular needs are given priority for admittance
- We aim to ensure that all our children have the same entitlement to the curriculum
- Meeting individual needs, working towards continual progression and raising achievement underlie this policy as well as being an overall aim of our nursery
- All members of staff work towards this goal
- We believe firmly that we cannot achieve this without a commitment to working in partnership with mums, dads and carers
